DETAILED ACTION

Continued Examination

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application on 04/21/2005. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission containing changes to the claims, specification, and remarks related to the final rejection filed on 03/23/2005 has been entered. An action on the RCE follows.

Allowable Subject Matter

2. Claims 1, 3-7, 14, and 16-20 are allowed.
3. Regarding independent claims 1 and 14, Applicant's arguments (03/23/2005, p. 9, paragraph 3) are persuasive, i.e. that it would not be a matter of obvious design choice to manufacture spark plugs with the wear resisting member is located inside the circle with radius R_1 in combination with the remaining limitations of the claims. Since the prior art of record fails to teach or suggest this modification, claims 1 and 14 are allowed. The remaining claims are allowable due to their dependency.
4. Any comments considered necessary by the Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of reasons for Allowance."
